Re: EPA comments on the Test Plan and Robust Data Summary for Dicarboxylic Acid Category

Dear Administrator Whitman,

E. I. du Pont de Nemours & Company, Inc. and Solutia Inc. received EPA's comments on the test plan and robust data summary for the Dicarboxylic Acid Category and are pleased to respond. We have considered the recommended revisions to aquatic toxicity and reproductive toxicity studies, as well as, EPA's specific comments on the robust data summaries. We have revised our submittal as needed on the attached summary sheet. Also included with this submittal is a revised robust data summary.

Please feel free to contact me with any questions or concerns you may have with regards to this submission at Edwin.L.Mongan-1@usa.dupont.com or by phone at 302-773-0910.

Sincerely,

Edwin L. Mongan, III
